Staff Ethics

An effective educational program requires the services of men and women of integrity, high ideals, and human understanding. To maintain and promote these essentials, the Board of Education expects all staff members to maintain high standards in their working relationships, and in the performance of their professional duties, to:

- a. recognize the basic dignity of all individuals with whom they interact in the performance of duties;
- b. represent accurately their qualifications;
- c. exercise due care to protect the mental and physical safety of students, colleagues, and subordinates;
- d. seek and apply the knowledge and skills appropriate to assigned responsibilities;
- e. keep in confidence legally-confidential information;
- f. ensure that their actions or those of another on their behalf are not made with specific intent of advancing private economic interests;
- g. refrain from using position or public property or permitting another person to use an employee's position or public property for partisan political or religious purposes. This will in no way limit constitutionally or legally protected rights as a citizen;
- h. avoid accepting anything of value offered by another for the purpose of influencing judgement;
- i. refrain from expressions that would disrupt harmony among their co-workers or interfere with the maintenance of discipline by school officials;
- j. address and resolve concerns at the building level.

Equal Employment Opportunity

It is the policy of the Board that no support staff member or candidate for such a position in this District, shall, on the basis of race, sex, age, color, religion, national origin, marital status, weight, height, or handicap, be discriminated against, excluded from participation in, denied the benefits of, or otherwise subjected to, discrimination in any program or activity for which the Board is responsible or for which it receives financial assistance from the U.S. Department of Education.

Physical Examination

The Board of Education reserves the right to require any employee or candidate, after a conditional offer of employment, to submit to an examination in order to determine the physical and/or mental capacity to perform assigned duties. This includes an initial T.B. test.

Employee Assistance Program

The Dearborn Board of Education, in cooperation with all P-12 recognized bargaining units and exempt staff hereinafter referred to as the "Employee Groups," 1) recognizes that a wide range of human problems can have an effect on an employee's job performance, and 2) recognizes that almost any human problem can be helped with professional treatment. This applies whether the problem is one of alcoholism, drug abuse, physical illness, financial difficulty, marital or family distress, legal problems, or other concerns.

The purpose of this program is to provide effective assistance to those individuals in need and to help the Employee Groups and the Board deal more effectively with individuals experiencing personal problems that may influence job performance. Since work performance can be affected by the problems of an employee's spouse or dependents, the program is available to the families of all P-12 employees of the Board.

Employees seeking assistance through this program are assured that their job security and promotional opportunities will not be jeopardized by any request for help. Further, employees are also assured that all referrals for assistance with such problems will be handled in a confidential manner. The decision to accept involvement in the program is voluntary and the personal responsibility of the workers. Persons participating in this

program will be expected to meet existing job performance standards and established work rules within the framework of the existing contractual agreements.

Non-Instructional Staff Attendance Policy

The efficient operation of the Dearborn Public Schools requires that employees put forth their most productive effort, regardless of the job or work assigned. Thus, it is key that every employee be at work, on time, and on the job. The following rules and regulations are designed to assure maximum contribution on the part of employees by establishing guidelines and informing employees of their rights and responsibilities regarding attendance.

Employee attendance is essential to the operation of the District. Poor attendance results in reduced services to the students, increased cost to taxpayers, and increased workload for coworkers. An employee with a poor attendance record may risk suspension without pay and even termination. It is the mission of the Dearborn Board of Education to take steps to improve employee attendance.

Written rules and regulations have been established that employees are required to observe. Employees who fail to follow these rules shall be subject to appropriate disciplinary action.
