RE: Change in Start/End Times

DATE: March 4, 2019

I have received several emails from principals, engineers, custodial staff, and even food service workers in regard to the revised start/end times.

In order to take these concerns into consideration, we are reviewing the information that was sent out and we will be holding off on an effective date of change until the beginning of the 2019-20 school year. Please remind staff registering for classes however; they should take classes based on the revised later schedule.
